फ़ Pq	एँ]	औँ }	ळ L	लृ 	लृ -	

Conjunct characters:

A simple conjunct is typed by pressing **[x]** between the consonants.

e.g. $n \times n \rightarrow$ **বর্গ**

A joined conjunct is typed by pressing **x** **x** between the consonants.

e.g. $\boxed{n} \boxed{x} \boxed{x} \boxed{n} \rightarrow \text{न}$

A non-joined conjunct is typed by pressing **shift x** between the consonants.

e.g.

n	shift x	n
---	---------	---

 \rightarrow नून

Alternative: To change one type of conjunct to another, press the backtick (‘) key after it.

e.g. $\text{ब्र} \rightarrow \text{ल} \rightarrow \text{नू} \rightarrow \text{ब्र}$

Dependent/Independent Vowels:

The keyboard will normally produce independent vowels, except after consonants, when it will produce independent vowels.

e.g. $\boxed{i} \rightarrow \text{is}$

g i → गि

To force an independent vowel after a consonant, press **A** after the consonant.

e.g. g A i → गइ

Alternative: To change one type of vowel to the other, press the backtick ` key after it. e.g. गइ ` → गि ` → गइ

Alternate forms:

In addition to altering conjuncts and vowels, the backtick ` key can produce changes like these:

e.g. $\gamma \rightarrow 4$

toggle digits: script \Leftrightarrow roman

toggle smart quotes on/off

Alternate characters:

Various related characters can be obtained by pressing the same key again without pausing.

e.g. $\boxed{n} \rightarrow \text{न}$ $\boxed{n} \rightarrow \text{ण}$ $\boxed{n} \rightarrow \text{त}$ $\boxed{n} \rightarrow \text{ज}$ $\boxed{n} \rightarrow \text{ड}$

If you actually want a sequence of the character, either pause or press `a` in between.

e.g. $\boxed{n} \boxed{n} \rightarrow \text{न}$

n a n → नन

Smart Quotes:

Press the single quote `'` or double quote `"` key again to switch between left and right smart quotes. e.g.

“ ” → “ ”

Brackets:

Press the open or close parenthesis key up to 3 more times to obtain alternative forms of bracketing.

e.g. $(([\rightarrow] [(\rightarrow \} [(\rightarrow [$

Note to Advanced Users:

If you need an independent ZWJ or ZWNJ character (very rare), type space followed by x or shift x respectively.
